Scope: Ancillary parts installed downstream of Fike Explosion Vent Panels

To Whom It May Concern:

We hereby declare that Fike original ancillary parts such as insulation mattresses (type Armaflex and similar), weather covers and burst/rupture indicators have been tested and approved for use downstream of Fike explosion vent panels. Unless specifically stated these parts do not affect the vent panel efficiency nor change its performance and endurance.

In case of doubt, please feel free to contact the undersigned or authorized quality department representative for more information.
